

HEATHER HERITAGE SOCIETY

Date: September 18, 2026

FOR IMMEDIATE RELEASE

Vancouver Coastal Health has applied to demolish the heritage-designated 1906 Heather Pavilion.

The National Trust for Canada has included the Heather Pavilion on its Endangered Places List for 2026:

This national recognition sends a strong message to Vancouver City Council about the urgency of this issue.

This reinforces the position of the Heather Heritage Society that the heritage designation of the Heather Pavilion must not be removed.
